TO: Students receiving immunotherapy at Student Health & Wellness

FROM: Tom Woodward, M.D.  
Supervising Allergy Staff Physician

RE: Epi Pen Requirements

UIHC Allergy Clinic policy and the American Academy of Allergy Asthma and Immunotherapy, and Student Health & Wellness requires all students receiving immunotherapy here to carry a current, unexpired Epi-Pen on the day of allergy extract administration. This policy protects you in the rare event of a delayed severe/systemic reaction occurring after leaving the clinic.

You will be required to show an unexpired Epi-Pen to the allergy nurse prior to receiving your shot(s). If you do not have your Epi-Pen with you, you will be asked to reschedule your appointment. If you do not currently have an Epi-Pen, a prescription and education in its use will be provided to you.

Please contact me or any of the allergy nurses if you have questions.

Thank you for allowing us to participate in your care.

Sincerely,

Tom Woodward, M.D.  
Staff Physician
